

ara

quite the talent for our chemistry technicians who can combine many different food ingredients to come up with superb chemical reactions for the palate

Mathematics & Statistics Department:

- UFV BSc graduate, Duncan Dill (Major in Math and Physics), now a UFV DAC student, gave a talk on November 19 about his workstudy experience with Dr. Shaun Suthis past summer. Together, they published a R package "cvmdisc" in CRAN that implements ~~Cr~~ ~~and~~ ~~M~~ ~~ises~~ ~~S~~ ~~t~~ ~~a~~ ~~t~~ ~~i~~ ~~s~~ ~~t~~ ~~i~~ ~~c~~ ~~s~~ for resting fit to discrete and grouped data distributions.

School of Land Use and Environmental Change (SLUEC)

- Dr. Afia Zubair Raja's GEOG 360 Community Planning Class will be showcasing Abbotsford Bike Share projects at the CityStudio HUBBUB event on December 3, 2019 at Abbotsford City Hall.
- UFV BSc geography student, Cassandra Shwachuk, began her honours thesis under Dr. Olav Lian's supervision this semester. The title of her thesis is: "Detecting porphyry Cu ± Mo ± Au mineralization using major oxides and pathfinder elements in subglacial till near the Guichon Creek batholith, southcentral BC". It reports on research in economic geology done in collaboration with scientists at the BC Geological Survey (Victoria, BC). Cassandra's research was a great success, and she is now putting the final touches on a manuscript based on her honours thesis that will appear in a peer-reviewed government journal. Cassandra is currently working as an NSERC Undergraduate Student Research
