RESEARCH CENTRES AND INSTITUTES

Approval Authority Senate and Board of Governors

POLICY

Research centres and institutes will be created as needed to support the values, mission, strategic goals, and priorities of the university and reflect the University's commitment to excellence in scholarship, the integration of research and teaching, and the development of the Fraser Valley. The structure, membership, and activities of centres and institutes will support collaborative disciplinary and interdisciplinary research. Centres and institutes will report their activities and plans annually (to Senate for centres, and to the Board, for institutes), and be fully reviewed every five years.

REGULATIONS

1. Establishment of a new research centre or institute:

Proposals and Approvals: ~~Proposals for a new research centre or institute shall be submitted to the Board of Governors for review and approval. The Board of Governors shall have the final authority on the establishment of a new research centre or institute. The Board of Governors shall also have the authority to approve or disapprove the annual reports of research centres and institutes.~~

Studies stating the reasons for the recommendation. The letter must be accompanied by the candidate's curriculum vitae and expression of interest that identifies the research contribution expected from the candidate. If approved, the appointment will be communicated to the candidate in a letter of appointment from the Provost stating the terms of the appointment.
